# productinformation

## tesa® 64014
### Low noise water based acrylic carton sealing tape

tesa® 64014 is based on a PP-backing coated with a water based acrylic adhesive.
The special material combination guarantees a low noise unwinding behaviour.
Due to the characteristics of the water based acrylic adhesive tesa® 64014 has a high age and light resistance. As the product is chlorine free and based on derivatives of mineral oil only, the disposal by heat treatment is environmental friendly.

## Main Application

Manual sealing of light and medium-range weight cartons.

## Technical Data

| | | | |
